CAPITAL DIRECT I INCOME TRUST

Notes to Financial Statements

Six Month Period Ended June 30, 2021

(Unaudited - Management Prepared)

1. ORGANIZATION OF THE TRUST

The Capital Direct I Income Trust (the "Trust") is an open-ended investment trust established under the laws of the Province of Ontario pursuant to a Declaration of Trust dated June 23, 2006 by Capital Direct Management Ltd. (the "Manager"), as administrator of the Trust and Computershare Trust Company of Canada (the "Trustee"). The address of the Trust's registered office is #305 - 555 West 8th Avenue, Vancouver BC V5Z 1C6.

The Trust is not a reporting issuer under securities legislation and therefore is relying on Part 2.11 of National Instrument 81-106 for exemption from the requirements to file interim financial reports with the applicable regulatory authorities.

2. BASIS OF PRESENTATION-DISCLOSURE FOR INTERIM FS

These unaudited interim financial statements, including comparatives, are prepared in accordance with IAS 34, Interim Financial Reporting ("IAS 34").

The interim financial statements should be read in conjunction with the Trust's annual financial statements for the year ended December 31, 2020.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant accounting estimates and judgements

The preparation of financial statements in conformity with IAS 34 requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. These estimates include the allowance for loan losses and completeness of accrued liabilities. These are periodically reviewed and any adjustments necessary are reported in earnings in the period in which they become known. Actual results could differ from these estimates.

Financial instruments

Recognition and measurement

The Trust recognizes financial assets and financial liabilities, including derivatives and embedded derivatives, on the balance sheet when the Trust becomes party to the contractual provisions of the financial instruments or non-financial derivative contract. The Trust classifies all financial assets and financial liabilities as either a) Held for trading, b) Available for sale, c) Held to maturity, d) Loans and receivables or e) Other financial liabilities, depending on the Trust's stated intention and/or historical practice. Financial assets and liabilities held for trading are measured at fair value with gains and losses recognized in net income. Financial assets held to maturity, loans and receivables, and other financial liabilities other than those held for trading, are measured at amortized cost based on the effective interest method. Available for sale instruments are measured at fair value with gains and losses, net of tax, recognized in other comprehensive income.

(continues)

CAPITAL DIRECT I INCOME TRUST

Notes to Financial Statements

Six Month Period Ended June 30, 2021

(Unaudited - Management Prepared)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Trust's financial assets and liabilities are classified as follows:

	Category	Measurement
Assets:		
Cash	Loans and receivables	Amortized cost
Accounts receivable	Loans and receivables	Amortized cost
Mortgage investments	Loans and receivables	Amortized cost
Liabilities:		
Accounts payable and accrued liabilities	Other financial liabilities	Amortized cost
Loan payable	Other financial liabilities	Amortized cost

Comprehensive income

Comprehensive income consists of net earnings and other comprehensive income ("OCI"). OCI comprises the change in fair value of the effective portion of the derivatives used as hedging items in a cash flow hedge and the change in fair value of any available for sale financial instruments. Amounts included in OCI are shown net of tax. Accumulated other comprehensive income is an equity category comprised of the cumulative amounts of OCI.

The Trust had no "other comprehensive income or loss" transactions during the six months ended June 30, 2021 and no opening or closing balances for accumulated other comprehensive income or loss.

Mortgage investments

Mortgage investments are measured at amortized cost using the effective interest method, net of an allowance for losses.

Interest income from mortgage investments is recorded on an accrual basis, except for mortgage investments that are considered to be impaired. A mortgage investment is classified as impaired when, in management's opinion, there is reasonable doubt as to the ultimate collectibility, either in whole or in part, of principal and interest. When a mortgage investment is classified as impaired, recognition of interest in accordance with the term of the original mortgage investment agreement ceases. Subsequent payments received on an impaired mortgage investment are recorded as a reduction in principal. Mortgage investments are generally returned to accrual status when the timely collection of both principal and interest is reasonably assured and all delinquent principal and interest payments are brought current.

Mortgage discount income is deferred and recognized over the term of the underlying mortgage. Other fees are recognized as the services are performed.

CAPITAL DIRECT I INCOME TRUST

Notes to Financial Statements

Six Month Period Ended June 30, 2021

(Unaudited - Management Prepared)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Provision for loan losses

The Trust maintains specific and general allowances for losses in its mortgage investment portfolio. The provision for loan losses is increased by a provision for mortgage investment impairment charged to income and reduced by write-offs during the year.

A loan is considered to be impaired when payments are in arrears, all attempts at recovery with the mortgagee have failed and the Trust enters the foreclosure process to recover the loan balance. A specific provision is recorded to the extent the fair value of the collateral charged against the loan does not exceed the loan balance. Interest income continues to be accrued until the courts begin selling the property. Legal fees and other costs are also accrued to the loan balance to the extent they are expected to be recovered. At June 30, 2021 there are no impaired loans for which a specific loss provision has been recorded.

The Trust also maintains a general allowance that incorporates mortgage investment loss history as the basis for estimating probability of default in mortgage investments. The Trust groups all unimpaired loans according to similar credit risk characteristics, and evaluates the likelihood of an impairment loss on a group basis. The Trust records a loss provision allowance against each group of loan with such similar characteristics.

Income taxes

The Trust qualifies as a "Unit Trust" within the meaning of the Income Tax Act (Canada) (the "Act"). The Trust is subject to applicable federal and provincial taxes on its net income for tax purposes for the year, including taxable capital gains, except to the extent such amounts are distributed to unitholders. Losses incurred by the Trust cannot be allocated to unitholders, but may be deducted by the Trust in future years in accordance with the Act.

5. FINANCIAL INSTRUMENTS

a) Fair value of financial assets and liabilities

The following table details carrying values and fair values of financial assets and financial liabilities by financial instrument classification. The fair values of financial assets and liabilities with fixed interest rates have been determined using discounted cash flow techniques based on interest rates being offered for similar types of assets and liabilities with similar terms and risks as at the balance sheet date. The fair values of other financial assets and liabilities are assumed to approximate their carrying values, principally due to their short term nature.

These fair values, presented for information only, reflect conditions that existed only at the balance sheet date.

	Jun-30-21			Jun-30-20

(b) Risk management

Risk management involves the identification, ongoing assessment, managing and monitoring of material risks that could adversely affect the Trust. The Trust is exposed to credit risk, liquidity risk, market risk and interest rate risk. There were no significant changes in risk from those disclosed in the Trust's annual financial statements

5. FINANCIAL INSTRUMENTS (continued)

Credit Risk

Credit risk is the risk that a financial loss will be incurred due to the failure of a counterparty to discharge its contractual commitment or obligation to the Trust. It is the Manager's opinion that the Trust is exposed to credit risks on all mortgage investments. The credit risk is mitigated as all mortgage investments are collateralized, there is no significant geographical concentration of mortgage investments, and the Manager regularly reviews and monitors the fair value of the collateral. The loss provision for the mortgage investments is established based on a provision for identified specific mortgage investments and a general provision applied to loans with similar credit characteristics. The Manager has assessed that there are no specifically identified mortgage investments exposed to credit risks. The Manager has provided a general loan loss provision based on approximately 0.38% (December 31, 2020: 0.31%) of mortgage investments.

Liquidity Risk

Liquidity risk refers to the Trust's ability to meet its own financial obligations such as funding mortgage commitments, operational expenses, trust distributions and unitholder redemptions. In this regard the Manager monitors cash regularly to ensure the Trust can meet its obligations, however, the Manager does have the right to postpone unitholder redemptions if it feels that the Trust's financial position will become impaired.

Market Risk

Market risk includes both interest rate risk and foreign currency risk. The interest rate risk relates to the Trust's ability to adjust to changing interest rates on their loan payable. To offset this risk the Trust generally lends its funds with rates adjustable within one or two years which allows the Trust to adjust rates on renewals annually. There is no foreign exchange risk as the Trust is limited to investing in mortgages situated in Canada.

6. LOAN PAYABLE

The Trust has an operating line of credit with a syndicate of lenders led by Canadian Western Bank and their successors and assigns, to a maximum of \$120,000,000, subject to margin requirements on eligible mortgage investments, which bears interest at a rate of 0.97% per annum above the bank's prime lending rate. For the six month period ended June 30, 2021, the bank's average prime lending rate was 2.45% per annum (December 31, 2020: 2.45%). The line of credit is secured by a general security agreement including a fixed first charge over the real and personal property of the Trust, Capital Direct Lending Corp., and Capital Direct Management Ltd., a general assignment of mortgages agreement, and a general assignment of insurance on all assets of the Trust.

Of the amount available above, up to \$5,500,000 is available to Capital Direct Management Ltd., for which it has provided a separate overdraft lending agreement to Canadian Western Bank.

Furthermore, the facility labeled the Swingline Facility is available to any of the Borrowing Parties to a maximum of \$5,000,000. The remaining \$109,500,000 is available to the Trust. The facility is subject to certain financial covenants as outlined in Note 12. As at June 30, 2021, the Trust was in compliance with these covenants.

7. RELATED PARTY TRANSACTIONS

During the six month period ended June 30, 2021, the Trust purchased 97.5% of its mortgages totaling \$104,923,900 from Capital Direct Lending Corp., and 2.5% of its mortgages totaling \$2,715,240 from Capital Direct Atlantic Inc.

These transactions were conducted in the normal course of business and are recorded at the exchange amount being the consideration agreed by the related parties.

8. TAXATION

The Trust qualifies as a "Unit Trust" within the meaning of the Canadian Income Tax Act ("The Act"). The Trust is subject to applicable federal and provincial taxes on the amounts of its net income for tax purposes for the year, including net realizable taxable capital gains, except to the extent such amounts are distributed to unitholders. Losses incurred by the Trust cannot be allocated to unitholders, but may be deducted by the Trust in future years in accordance with The Act.

9. DISTRIBUTION TO UNITHOLDERS

The Trust distributes 80% of the net income from operations to the unitholders on a quarterly basis from investments held by the Trust. The quarterly distributions are paid in arrears on the 15th day following the first three calendar quarters and on March 31 following the fourth calendar quarter to which the distribution relates. Distributions by the Trust will be paid in cash unless the unitholder elects to receive distributions in the form of units.

10. UNITHOLDER EQUITY

Pursuant to the Declaration of Trust, the Trust is authorized to issue an unlimited number of retractable, redeemable and transferable units, each of which represents an equal, undivided interest in any distributions made by the Trust and in the net assets of the Trust in the event of termination or windup. Each Unitholder is entitled to one vote for each whole unit held.

The Trust has authorized Class A, Class C and Class F units totaling 37,500,000 units for a combined maximum of \$375,000,000. Class C and Class F units bear similar features where units may be retracted after 180 days with no penalty, whereas Class A units bear a retraction fee which diminishes over five years from 5% prior to the first anniversary of issue to zero. Class A, Class C and Class F units share pro rata in distributions from the Trust. In accordance with the Declaration of Trust, redemption requests for all classes of units can be submitted twice annually, by giving written notice to the Manager 30 days prior to June 30 or December 31 in any year. Class A, Class C and Class F units are issued as listed below.

For the six month period ended June 30, 2021, 2,855,019 units were issued for a total subscription price of \$28,550,190.

	Class A	Class C	Class F	Total
Units outstanding,	7,692,222	4,367,030	8,411,568	20,470,820

11. MANAGEMENT FEES AND EXPENSES

Management fees

Pursuant to the Management Agreement between the Trust and the Manager, the Manager is to provide management, administration and investment advisory services to the Trust. For these services, the Manager will be entitled to receive a monthly fee (the "Manager's Fee") calculated and payable monthly in arrears based on an annual rate of 2% for class A, 2% for class C and 1% for class F of the net asset value. The Total Management Fee for the six month period was \$1,697,180.

In addition, 20% of the net income from operations will be paid to the Manager on a quarterly basis. The total distribution paid to the Manager for the six month period was \$1,494,314.

Of these amounts, \$1,522,895 remains in accounts payable.

Expenses

All organization expenses and sales commission or fees paid to registered dealers in connection with the Offering will be paid by the Manager.

All expenses or outlays relating to the Trust from inception including, but not limited to, the Manager's Fee, the Trustee's fee, offering expenses (other than organizational expenses and sales commissions on fees paid to registered dealers in connection with the offer and sale of units), taxes payable by the Trust, expenses related to Unitholders' meetings, brokerage, legal and other fees and disbursements relating to the implementation of transactions for Trust investments, if any, will be paid by the Trust.

12. CAPITAL MANAGEMENT

The Trust defines capital as loan payable and unitholders' equity. The Manager's objective when managing capital is to make prudent investments in mortgages so that it can continue to provide stable returns for its Unitholders. The Trust achieves its investment objectives by monitoring the Trust's mortgage investment portfolio. Information on the Unitholders' equity is described in Note 10.

The Trust's loan payable (Note 6) is subject to the following covenants as calculated in accordance with the credit facility agreement. In the event of a violation of the covenants, no trust units may be redeemed or repurchased.

1. To maintain a Cash Flow Coverage Ratio of not less than 2:1 in each quarter.
2. To maintain a Tangible Net Worth of not less than \$100,000,000 in each quarter.
3. To maintain a Debt to Tangible Net Worth Ratio not greater than 0.65:1 in each quarter.

For the six month period ended June 30, 2021, the Trust was in compliance with the above covenants.
